# INFORMATION ON ERAC

An EU funded project managed by the  
European Union Office in Kosovo

## WHAT IS THE PROJECT ABOUT ?

Equal Rights for All Coalition (ERAC) brings together seven (7) NGOs that work in the domain of *rule of law* and *fundamental rights* that will work together with an additional *nineteen (19) grass root NGOs*, with a particular focus on the establishment of a sustainable network of NGOs that are active in the protection and promotion of the fundamental rights of vulnerable and/or marginalised groups (VMGs). The project special focus are the following groups: *all minority communities* in Kosovo, *women, youth* and *LGBT community*. Although working on similar topics and issues, these NGOs are often divided on the basis of the particular target groups they are working with or the region they are active in. By establishing structural cooperation between selected NGOs and providing formal opportunities for continuous learning, the action generates the sharing of knowledge and experience between NGOs (including on institutional matters), strengthen their capacities for advocacy with relevant central and municipal institutions, and increases their visibility.

## WHAT KIND OF SUPPORT YOU CAN HAVE FROM ERAC PARTNERS?

ERAC will conduct actual interventions, which will consist of a *holistic set of strategies* to address problems of clients. The interventions will also be a cooperative effort of all participating CSOs, depending on their particular domains of expertise and the particularities of each case. The Coalition will strive to handle issues without going to court and through cooperation and consultation with relevant government human rights structures.

Support to the client in cases of human rights violation such as domestic violence; discrimination based on gender, ethnicity, sexual orientation and gender identity; access to documents in their language and other rights that are guaranteed by the Constitutions of Kosovo:

- o Legal and general advice and support on how to handle legal or administrative problems;
- o Counselling and mediation between the client and the relevant institution;
- o Referral of the client to relevant governmental or non-governmental human rights structures, especially the Ombudsperson Institute of Kosovo and municipal human rights structures;
- o Media campaigns (in cases of a non-sensitive nature and with the explicit consent of the client);

- o When other methods fail and in strategic cases (that is, cases that affect not only the individual involved but also the VMG as such), litigation. In this case, the case will be taken over by a lawyer, although the Coalition can continue to provide complementary support.
